

WHAT IS ON OFFER?

TEACHING TOOLS AND MATERIALS

1

Boards

Central visual aid for organizing lessons and engaging students.

Types:

- Traditional blackboard/whiteboard – for quick notes, examples, and interaction.
- Interactive boards – digital touch screens allowing visuals, videos, and online resources.

We have to keep writing clear, structured, and visible to all students.

2

Projection & Audio Devices

Support listening, viewing, and comprehension skills.

Examples:

- Projectors: for slides, visuals, and real-life contexts.
- Speakers & audio players : for songs, dialogues, pronunciation, and listening practice.

They help create authentic language exposure and multisensory learning experiences.

3

Mobile Devices

Encourage independent and interactive learning.

Applications:

- Language apps, online dictionaries, quizzes, and recordings.
- Group tasks using shared devices for vocabulary or grammar games.
- Advantage: Portable, motivating, and connects class learning with real life.

4

Cards, Dice, Rods & Puppets

They make lessons active, playful, and communicative.

Uses:

- Cards: Vocabulary drills, matching activities, roleplay prompts.
- Dice: Randomized grammar or speaking games.
- Rods: Visual support for grammar, pronunciation, or storytelling.
- Puppets: Great for young learners—reduce anxiety and encourage speaking.
